

DEFENSE INTELLIGENCE AGENCY
WASHINGTON, D.C. 20301

S/HVCCO-018/DI-2A

24 FEB 1975

Mr. E. H. Knoche
Special Assistant to the Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Hank,

(U) DIA will host a three-day Seminar to consider present and future developments bearing upon the many facets of Indications and Warning in Europe. Both to avoid various schedule conflicts and to allow time for preparation of presentations, the Seminar has been planned for 8-9-10 April 1975. The sessions will be held in the National Military Intelligence Center briefing room in the Pentagon.

(S) The purpose of the Seminar will be to identify for senior personnel those developments in collection, processing and dissemination, either on-going or planned, which will have a major effect upon Indications and Warning in Europe. Achieving a multi-agency understanding of these developments should improve agency interaction on projects, expedite accomplishment of tasks, effect economies through joint efforts, avoid duplication, and identify new approaches to improve Indications and Warning on a worldwide basis.

(U) I plan to attend all Seminar sessions. To facilitate the attendance of senior officials, the Seminar will be held during the hours of 0900-1500 each day. These hours should permit senior personnel to accomplish pressing obligations prior to and following the Seminar sessions. Furthermore, in an effort to make maximum use of the time of such personnel, we are investigating the feasibility of having lunch brought to the Conference Room.

(U) We hope that at the conclusion of the Seminar the senior participants can agree upon follow-up actions on identified problems or development areas. The participants also must establish a mechanism for keeping each informed on the progress, or lack of it, in the follow-up proceedings in the separate agencies.

DIA review(s) completed.
